For healthy, great tasting water!

At 700ml capacity, the JoJo water Filter Bottle is compact, lightweight, and ideal for everyday use. Take it anywhere and refill from any tap with the powerful disruptor filter technology that removes trace pharmaceuticals, pathogens, viruses, particulates, sediment and more. Convenient for gym, the car, school or days out, it filters the water as you drink, ensuring you have access to safe drinking water all times. Precision-manufactured from advance composites, the bottle is tough and flexible with the environmental benefit of being 100% recyclable.

Refill Cartridge Specifications

Item code: JJ-FILTER-W-1-Z

Package dimensions:

3cm (l) x 3cm (w) x 6,5cm (h)

Package weight: 14grams

Colour options:

How often should the filter be replaced?

The refill cartridge needs to be replaced every *300 refills or every 2 months.

Note: because water quality and volume of consumption varies, filter service life will also vary.
