VSD Pump Range

Our Pump Benefits:

- Cost-effective
- Energy-efficient
- Easy to use
- Supplied all-inclusive and ready-for-use
- Pre-wired with a 3-point plug
- NRCS compliant for electrical safety and efficiency

+ Add a JoJo pump cover to protect your pump and prolong its lifespan.

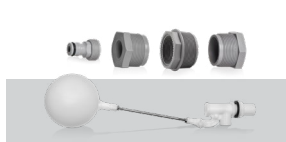

Accessory Range

DIY KITS

Water Tank Float Valve Kit

This kit allows for effortless filling of a JoJo water tank with an automatic shut-off.

Pump-to-Tank Connector Kit

An all-inclusive kit, permitting seamless connection from tank to pump. **Note:** this kit is only suitable for use with our 0.37kW and 0.75kW Booster Pumps.

RAINWATER HARVESTING

Rainhead

Directs leaves and debris away from the flow of water when harvesting rainwater. Suitable for 110mm, 80mm and 75mm pipes and 180-degree pivot allows for installation at any angle.

First Flush Rainwater Diverter

Flushes away the initial, most contaminated flow of rainwater and directs clean water to your tank. Supplied in kit-form and allows for installation horizontally or vertically.

Water Filtration Solutions

INSIDE YOUR HOME

Countertop Filter

A countertop filter with a clean, modern design that will blend in with any kitchen.

Undersink Filter

An undersink filter unit that is easy to install and ensures an out-of-sight, compact solution.

OUTSIDE YOUR HOME

Inline Filter

A filter that can clip onto your hose for access to clean water whilst camping or in instances where access to safe water is limited.

Whole-house Filter

This filter provides clean, safe water for your entire household.
