

0.6kW Centrifugal Jet Pump

- Best efficiency pressure range 2 to 3 bar
- Best efficiency flow range 10 to 30 lt/min
- Energy-efficient
- Easy to operate
- Automatic start/stop
- Dry running protection
- Over-current protection
- Minimal maintenance required
- Pre-wired with a 3-point plug
- Noryl impeller
- Stainless steel shaft

- Unit intended for clean water usage such as drinking water or irrigation.
- **Please note:** this unit is only suited for small-scale irrigation, please refer to the pump specifications to ensure it will meet your requirements.

ALL PUMP SYSTEMS ARE COMPLIANT WITH NRCS SPECIFICATIONS

NRCS - National Regulator for Compulsory Specifications

LETTER OF AUTHORITY ISSUED:

Distributor Guarantee of Electrical Safety Compliance for End User

Highest Energy Efficiency in Class

Class Leading Efficiency

The 0.6kW centrifugal jet pump is designed optimal hydraulic efficiency and suction lifts, this self-priming pump makes boosting household water easier than ever.

Pump specifications

Pump Model: JSPM600
Motor Power: 0.6kW
Best efficiency flow range: 10 to 30lt/min
Best efficiency pressure range: 2 to 3 bar
Max Fluid Temperature: 40 °C
Max Ambient Temperature: 40 °C
Package dimensions in mm:
485 (h) x 372 (w) x 235 (l)
Package weight: 13kg

Integrated functions for protection from:

- Dry run
- Over-current
- Over/under voltage
