

## A guide and cost estimate for basic components required.

-   
Tank
  -   
Base
  -   
Gutters and Pipes
  -   
Pre-filtration
  -   
Mozzie Screen
  -   
Pump
  -   
Pump-to-tank Connector Kit
  -   
Pump Cover
  -   
\*Whole-house Filter
  -   
Inline Filter
- \*A Whole-house Filter will only be required if the water is plumbed back into your house for full domestic supply.
- Note:** If your rainwater is not plumbed back into your home for full domestic supply and filtered via a Whole-house Filter, an Inline Disruptor Filter can be used when access to safe drinking water is required during water shortages.

### It is very important to filter harvested rainwater

- Filters the rainwater before it goes into your tank:
- ✔ Keeps debris and leaves out of your tank.
  - ✔ Improves the quality of water stored.
  - ✔ Protects the pump and reduces maintenance.

- Filters the rainwater before it is pumped back into your house, and ensures it is safe for consumption. The chosen filtration system needs to remove:
- ✔ Sediment, particulates, viruses and bacteria.
  - ✔ Any other potentially harmful materials that could be present in the water.

### Cost Estimates

Note: the estimates provided are for the basic components required only, and do not include labour if making use of an installer, or any extras required based on your unique setup and requirements.

	<b>S</b> Small-scale solution	<b>M</b> Medium-scale solution	<b>L</b> Large-scale solution
<b>Cost:</b>	<b>R4 025 - R5 750 incl vat</b>	<b>R10 925 - R16 675 incl vat</b>	<b>R17 825 - R28 750 incl vat</b>
<b>Basic components included:</b>	<ul style="list-style-type: none"> <li>- 750/1 000lt Slimline tank</li> <li>- Concrete slab</li> <li>- Rainhead</li> </ul>	<ul style="list-style-type: none"> <li>- 2 700lt Vertical tank</li> <li>- Concrete slab</li> <li>- Rainhead &amp; Mozzie Screen</li> <li>- Piping</li> <li>- 0.37kW Booster Pump</li> <li>- Pump cover</li> </ul>	<ul style="list-style-type: none"> <li>- 5 250lt Vertical tank</li> <li>- Concrete slab</li> <li>- 2x Rainheads &amp; 1x Mozzie Screen</li> <li>- Piping</li> <li>- 0.75kW Centrifugal Pump</li> <li>- Pump cover</li> </ul>

Note: each installation will vary based on the setup and personal preference. For detailed installation guidelines visit our water storage solutions section on our website.
