IoT Monitor Tank Level

- **Bluetooth Connectivity:** Ideal for initial setup, testing, and real-time monitoring.
- **Sigfox Integration:** Enables remote monitoring, allowing you to track current and historical data, set alerts, and analyse water storage or consumption over specific periods.
- **Wide Measuring Range:** Accurately measures water levels ranging from 150mm to 5,000mm.
- **Reliable:** Engineered for consistent performance.

Perfect for:

Vertical
Tanks

MultiSlim
Tanks

SuperSlim
Tanks

Low Profile
Tanks

Slimline
Tanks

Custom
configurations

The easy, reliable way to monitor the level inside your tank via your phone.

Installed on top of your tank, our innovative IOT Tank Level device measures the water level via a sensor and sends the data to the JoJo Monitor app on your mobile device.
