

# JoJo Monitor Water Meter

- **1-Year Warranty:** Crafted with care to ensure durability, reliability and performance.
- **Bluetooth Connectivity:** Ideal for initial setup, testing, and real-time monitoring.
- **Sigfox Integration:** Enables remote monitoring, allowing you to track current and historical data, set alerts, and analyse water storage or consumption over specific periods.
- **Versatile:** Can be connected to your municipal feed or water tank.
- **Reliable:** Engineered for consistent performance.
- **Convenient:** Pairs with our intuitive, user-friendly mobile app for an optimal water monitoring experience.

Water can only be measured accurately in the correct flow direction.

Suited for clean water use only, i.e. water containing no debris or sediment.

**Flow rate:**  
0.1 lt/min to  
52.08 lt/min

## The easy, reliable way to monitor your water via your phone.

Connected to your water supply line, it measures the volume of water that passes through the meter as well as the flow rate and sends the data to the JoJo Monitor App on your cell phone.

### Product details

- **Item code:**  
IOTMETER
- **Packaging dimensions in mm:**  
153(h) x 115(w) x 131(l)
- **Total weight:**  
650 g

### Pack contents

- Monitor device pre-fitted with:
  - Water meter
  - 3x 3.6V lithium AA batteries
  - 2x self-tapping screws
  - 2x cable ties

### Availability

#### Stock Item:

Stock items are subject to a 7 day calendar lead time
